

**Comments of Dr.Yizhar Hess, Vice Chair of WZO and former CEO of the Masorti Movement**

*“On the eve of the Fast of the Ninth of Av, there was an act which had not one gram of loving other Jews.”*

*“The opposite [happened] – not only a violent take over of the egalitarian section, but many of our people who came to pray were prevented from entering because the area was full – and is full, mostly with those who came to Jerusalem to fight and humiliate others.”*
